We congratulate you on your work as Greens spokesperson for Early Childhood Education and wish to introduce our organisation.

AFGW is the national voice of graduate women working, since 1922, through initiatives in Education for the advancement and wellbeing of women and girls. We view Education as essential for Empowering Women; Reducing Poverty Improving Health; Understanding Human Rights; and, Maintaining Human Security and Building Peace.

AFGW aims to unite graduate women in Australia to work together and with the Graduate Women International's network of sister graduates worldwide to:

- Promote equitable educational opportunities and lifelong learning.
- Improve the status and wellbeing of women and girls.
- Encourage women and girls to be active leaders and decision-makers in public and private life.
- Inspire and support women graduates to put their education and professional training to the service of the local, national and international community.
- Promote the Vision of AFGW amongst all people, irrespective of their gender, age, race, nationality, religion, political opinion, gender, sexual orientation or other status.

Each year AFGW, its affiliated state bodies and branches, give over \$0.5 million in scholarships to woman and girls to further their education particularly at tertiary level. We also support a number of education projects for girls in the developing countries.

We advocate at state and federal level for improvements in education especially through development of curriculum, provision of resources, and initiatives in training staff. We see the provision of quality preschool education vital for the development of children and also for national productivity as more women can confidently enter the workforce.

We wish you well in undertaking these important responsibilities and look forward to working with you.
