Dear Lee,

I am writing on behalf of the Australian Federation of Graduate Women Inc to thank you for all your efforts as the Education spokesperson. We greatly value the contribution you have made on several issues which would improve education and training especially for women.

We wait with interest to hear who will be undertaking Education in Turnbull's cabinet and also if we have a Minister for Science and a Minister for Women.

Best wishes in your new areas of focus,

Yours sincerely,

Tricia Blombery

Convenor Standing Committee for Education
